BEFORE YOU BUILD IN MEADVIEW

1. Review the restrictions that apply to your lot. If you do not have a copy the Meadview Civic Association (MCA) office will be happy to give you a set.

2. Complete the application and deliver it to the MCA office. The Architectural Committee will review and/or inspect before approval by the board. You will receive an approved copy for your records. If there are any problems, you will be notified. Any additions or new structures need MCA approval and a county permit.

3. If you use a contractor, be sure that both of you have a copy of this approval.

4. Thank you for your cooperation. We all want to ensure the integrity of our community.

Unit & Lot #_____ Date _____

Owner Name: _____ Phone # _____
