FROM THE PRESIDENT

I wish to begin by thanking the membership for their vote of trust during the recent Board of Governors' election.

The newly created seven-member Board has provided a wide cross section of membership representation. I am sure this will prove to be a healthy governing mix. It should be noted the entire group struck up a harmonious accord in our most early interactions.

Rest assured this will be a pro-active source of leadership, tempered with conservative overtones.

It is our intent to remain transparent and approachable. Constructive input and/or criticisms will be welcomed, reviewed and pursued.

Our group is challenged with a substantial learning curve. We are all freshmen or first time board officers with the exception of Grant Veile. As most of you are aware, Grant was a past Board member and President. His experience and background represents a valuable asset in our development process.

MAY HOTDOG ROAST

By Suzann Newell

Seventy members came out to enjoy the sunshine and good company while sharing the potluck salads, cakes, pickles, beans and lemonade. We started out with 94 hotdogs and only one lonely dog was left on the grill, so I guess everyone enjoyed the food. I want to thank Sally Southworth for doing the dish washing. Ray Stone and Jack Newell were the grill masters. Thanks to Bobby for setting up the grill, and thanks to Larry for setting up the tables. Bill manned the mop for a huge spill that happened. So many of you have helped me over the years and I should mention all of you, but I'm afraid I'd forget someone so just know that all of you helpers who set up tables, decorated tables, found the salt and pepper, sugar and creamer, made the coffee, cleaned up the tables, put away the table cloths and then washed dishes and silverware, all of you, are in my heart as wonderful friends and neighbors. I have been told over and over that Meadview has some of the best cooks in the country, and I am sure that is right. So, see you at the next potluck dinner.

Thanks for being there for me.

EXPLORERS/OVER the HILL HIKERS

By Suzann Newell

Many of the group hiked down the Basin Street Marble Canyon that intersects with Grapevine Wash. Good day, lotsa fun and everyone enjoyed the hike. The following week we drove up to Hualapai Park, then headed on up the dirt road (?) past Flag Mine, Antelope Wash where the Wild Cow camp is located, Moss Wash, Borianni Mine and down to Yucca, then back to Kingman. The road was really not much better than a trail, good for quads. The 39 miles from Antelope Wash to Yucca took us five hours. Lunch was at the very top of the Ridge Road and the view was great. Only the 4x4 pickup had trouble on the last half mile down to the mine where a sharp rock jumped out and ruined a tire for Wally. If the Ridge Riders do this Ridge Road they could go down Moss Wash to visit the Gold King Mansion. Not too certain a jeep should try to do it. The road has really deteriorated in the 20 years we've done this trip. Jeeps and quads did the Gaddis Spring loop road off Stockton Hill Road. The photos are really good. Thirteen drove into Chloride to view the Murals originally painted by Purcell in the 60's but touched up by him just a few years ago. A new scene has a really good mining town and the older scenes are still very interesting. We then stopped at Yesterday's to enjoy lunch. The last trip in May was to Fire Mountain. At the end of the road is a 'camp ground' where we had our lunch. Interesting are the huge cliffs of massive garnet and olivine. The garnet is almandite, a very dark red and the olivine is a dark green. Both considered to be very old and common in metamorphic areas. The Colorado River is only a quarter mile hike down from there.

The Battle of Gettysburg

The Gettysburg Address

The Gettysburg National Cemetery was dedicated by President Abraham Lincoln a brief four months after the Battle. Lincoln's speech lasted only two minutes, but it went into history as the immortal Gettysburg Address.

"Four score and seven years ago, our fathers brought forth on this continent a new nation: conceived in liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war. . .testing whether that nation, or any nation so conceived and so dedicated. . . can long endure. We are met on a great battlefield of that war.

We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But, in a larger sense, we cannot dedicate. . .we cannot consecrate. . . we cannot hallow this ground. The brave men, living and dead, who struggled here have consecrated it, far above our poor power to add or detract. The world will little note, nor long remember, what we say here, but it can never forget what they did here. It is for us the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced.

It is rather for us to be here dedicated to the great task remaining before us. . .that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion. . . that we here highly resolve that these dead shall not have died in vain. . . that this nation, under God, shall have a new birth of freedom. . . and that government of the people. . .by the people. . .for the people. . . shall not perish from the earth. "
